	<h2>International Ivy Summer Enrichment Parent Handbook 2014</h2>
<p>Introduction</p>	<p>Welcome to The International Ivy Summer Enrichment Program (also known as the Program)! Below is general information that will provide you with many of our policies and answers to your questions about the upcoming summer. We look forward to ensuring that your child has an exciting and safe learning experience. WE SUGGEST YOU KEEP THIS HANDBOOK HANDY THROUGHOUT THE SUMMER.</p>
<p>Program Philosophy</p>	<p>The Program experience should provide students with an opportunity to make new friends, learn new skills, exercise their creativity and build their self-esteem, while feeling safe and accepted. Students should leave each day better for their experience having felt accomplishment and growth. Children gain a sense of independence, learning to succeed and fail with dignity and sportsmanship. By watching and emulating their role models, children learn to display good manners, conduct themselves positively and challenge themselves to be better people. Most of all, the Program is a place where a child can be a child free from the worries of peer pressure, bullying and the search to be accepted. At the Program, every child will feel welcome and a part of a community where their individuality is welcomed and supported.</p>

To the extent possible, we do ask all parents to refrain from sending in any peanut-related foods.</p>
Supervision and Staffing	<p>All staff are carefully screened and selected for their character, nurturing spirit and expertise. They undergo a face-to-face interview, reference checks, criminal background check and training.</p> <p>All Instructors and Adult Counselors are over 18 years and are selected based upon their technical expertise, experience with children, their personal character, responsibility and enthusiasm. Junior counselors and CITs may be counted in the supervision ratio but only when supported by a teacher or adult counselor.</p> <p>The Site Directors are on site daily. Any student needs should be brought to their attention and will be addressed in a timely manner. The Site Director is trained in first aid, CPR and AED. Counselors are trained in child abuse prevention, emergency procedures, and how to conduct Program activities.</p> <p>Our low staff to child ratios meets NJ State and American Camp Association requirements. Small groups mean more individual attention for each child. Teachers, Counselors and Site Directors alike will foster a mentoring relationship with each child and work to create open and honest communication; working with parents to develop effective techniques for bringing out the best in every child.</p> <p>Staff Ratios: 1:6 3-6 year olds 1:8 7-12 year olds 1:10 13+ year olds</p> <p>There are no exceptions to the ratio specified above. Two staff members are required to be present at the Program at all times when Program is in session.</p>
What to Bring Each Day	<p>In order to make your child's day at the Program a smooth and happy one; we ask that parents send the following items to the Program with their child. Please clearly label everything you send with your child's name to ensure safe return.</p>

<p>Program Rules and Discipline Policy</p>	<p>Staff members are encouraged to role model positive and appropriate behavior and handle discipline in a sensitive and reasonable manner. The</p>

International Ivy Summer Program Parent Handbook

	<p>Program is centered on the core values of Caring, Honesty, Respect, and Responsibility. We expect that all students and staff members adopt these values as the cornerstones of exemplary behavior.</p> <p>All staff members are expected to exhibit the characteristics of enthusiasm, creativity, balance, compassion, confidence, humor, common sense, appreciation and resilience; applying these traits to all daily interactions with students. A priority is placed on the recognition and positive reinforcement of good behavior. We ask that parents work with us as part of a home-program partnership to help children be successful.</p> <p>A child, whose behavioral issues require more than a reasonable amount of the counselor's or instructor's time and attention, will be brought to the attention of the Site Director and the child's parents. A plan for helping the child adjust will be established and communicated to the parent and child by the Site Director.</p> <p>Children may be asked to leave the Program for any of, but not limited to the following reasons: consistently disruptive behavior; dangerous or threatening behavior posing a risk to the physical or emotional safety of another individual; bullying; repeated profanity; disrespect; bigotry; possession of a weapon of any kind; vandalism or destruction of property; sexual misconduct; possession or use of tobacco, alcohol or controlled substances. The Program reserves the right to suspend or expel any student who poses serious or continual discipline problems, whether or not all of the steps in the progressive discipline plan have been completed.</p>
<p>Emergencies</p>	<p>Students can be reached by parents/guardians by calling our general number at (908) 899-1338 or the contact numbers for individual sites on the first page.</p> <p>Parents will be the first contacted should an emergency involve their child.</p> <p>STUDENTS ARE NOT PERMITTED TO USE CELL PHONES IN THE PROGRAM.</p>
<p>Health Policy</p>	<p>The Program is licensed and equipped to care for children in good health. Parents and staff, working together, promote the child's total well-being. Each child enrolled in the Program must have up to date documented health records. This includes the Health History Form, which should be completed by the parent OR the child's physician.</p> <p>The Program reserves the right to deny any child's admittance on any given day for reasons of obvious illness. The Program may request early departure should symptoms become obvious during the course of the day. Tuition will not be adjusted due to absence. If a child contracts/exhibits any contagious illness, please report it to us immediately. The child may return with a physician's note stating that the child presents no risk to himself/herself or others or 24 hours after the symptoms cease. When a child does develop symptoms while at the Program, he will be moved to an</p>

International Ivy Summer Program Parent Handbook

	<p>isolation area. A staff member will always be in close visual proximity. The parents will be called to the Program immediately to pick up the child. When the child's parents cannot be reached, one of the emergency contacts will be called to come and retrieve the child. Please notify the Program Office when the emergency or pediatrician's phone number changes. It is of the utmost importance in case of emergency.</p>
<p>Accidents/Injuries</p>	<p>Parents will be notified via phone by Program personnel if their child becomes ill or gets injured while at the Program. All injuries or illnesses will be communicated to the parent once proper first aid has taken place and the child made comfortable. The Program provides basic first aid. There is always a staff member on site who has been trained in CPR/AED/First Aid.</p> <p>In either cases of accidents or injuries, children will be allowed time to rest before returning to activities or being picked up by a parent if necessary. In severe injuries needing higher medical attention, the parent or guardian will be contacted immediately and arrangements made for further medical attention.</p> <p>If we cannot contact the parent or physician, we will call 911 for an ambulance to transport the child (and child's file) to a hospital where a staff member will wait with the child until the parent or emergency contact arrives. An incident report will be completed and on file at the Program.</p> <p>If your child has a pre-existing injury or condition, please notify the Program Director so that we can make arrangements to accommodate any special needs or restrictions. Please do not send your child to the Program if they are suffering from an illness that may be contagious. Once the symptoms dissipate the child may return to the Program.</p>
<p>Insurance</p>	<p>The Program does not carry or provide accident or medical insurance for the children participating in the International Ivy Summer Program. Your health insurance is the primary coverage for your child.</p>
<p>Administration of Medication</p>	<p>In order for medication to be given to a child at the Program, a signed Medicine Release Form must be on file at the Program for that specific medication, with dosage administration times clearly marked. This Form must be signed by the child's parent or legal guardian. The medication must be delivered in and dispensed from the original pharmacy container clearly labeled with your child's name and doctor's instructions. Medications will be administered by the Site Director or Head Counselor and will be documented. We ask parents to keep the Site Director informed daily about the continuing medical needs of their child and any changes in medical information. The form applies to all over the counter and prescription medication brought to the Program. A separate signed form is required for each medication. Children should not carry medication at the Program. Exceptions will be made for epi-pens and inhalers when a doctor's authorization is on file at the Program.</p>

International Ivy Summer Program Parent Handbook

	<p>Over-the-counter medication may be dispensed but only according to the instructions on the label. Recommended dosages for age, weight, and number of days to be administered will be followed unless a physician presents other specific instructions in writing. For example, you have a 4-year-old child that you want to have “Robitussin Cough Medicine” administered at noontime. If on the label on the bottle, it does not have instructions for administering to a 4-year old, then we will not do it unless we receive written instructions from the child’s physician. A physician may fax his/her instructions to (908) 363-1016 - Attention: Program Director.</p>
<p>Sensitive Health Conditions</p>	<p>We request that you inform the Program Director, if your child has the following conditions:</p> <ul style="list-style-type: none"> • psychiatric problems • serious medical problems • organic problems who are off medication for the summer • hospitalized for physical or emotional reasons this past year • experiencing traumatic reaction to family issues such as parental separation, divorce or death, <p>In fairness to your child, our counselors, staff and other students, we need to make informed decisions about all of the young people in our Program and community. Our purpose in having pertinent health information, whether it is physical, emotional and/or mental, is to be able to better serve each child. We expect that parents or guardians of any child sent to the Program will provide us with all the necessary information we need to keep all children safe. There may be a circumstance where we have accepted a child with or without full knowledge of his or her problems and have attempted to take all the necessary steps to make the experience successful, but find that we are unable to do so. For the good of this child and/or the Program community, the child may be asked to leave.</p>
<p>Visitation Policy</p>	<p>The Program has an open door policy for the parents of all students. Parents wanting to visit their child during the Program day must first check in at the Program Office. All visitors must be accompanied by a staff member through the Program. While parent visits can be welcomed events, they may distract students and disrupt programs. We ask that parents be considerate of the schedule and if possible call ahead to schedule a visit. We will make every accommodation to schedule your visit at a mutually convenient time.</p>
<p>Birthdays</p>	<p>Birthdays are an important milestone in a child’s life, and we like to celebrate them. Parents are welcome to bring in a special snack for their child and to participate in this special event. Please speak to your Site Director ahead of time for any necessary planning and restrictions.</p>
<p>Lost & Found</p>	<p>Lost and found will be cleared out and donated to those in need at the end of the Program. Please check the lost and found for any belongings your child/children may have misplaced. The Program assumes no</p>

	<p>responsibility for the loss of personal property. Lost and found will be displayed every Friday for parent to look for lost items.</p>
<p>Child Abuse Prevention and Reporting</p>	<p>The Program prohibits inappropriate touch and verbal and physical abuse. If it happens, the following prompt action will occur: The Site/Program Director will suspend the staff person from the Program pending an investigation. Reinstatement of the staff person will occur only after all allegations have been cleared to the satisfaction of the Program Director. A report in accordance with the New Jersey State Law will be made by the Program Director through the child abuse prevention hot line (24 hrs/day 1-800-792-8610) or local district office.</p> <p>Corporal punishment and neglect of children by staff are serious concerns, which will be treated as child abuse issues and reported. The parents or legal guardians of the child or children involved in the alleged incident will be notified by the Program Director.</p>
<p>Emergency Drills</p>	<p>To insure a safe program, the Program holds a number of safety drills throughout the summer. These drills include: Fire Drills (Once a Month) External Threat (Once a Month) Lost Student Drill (Bi Weekly)</p> <p>Emergency drills allow staff and students to become familiar with emergency procedures in the event of a real crisis. Drill procedures are reviewed regularly with the Program staff to keep them up to date.</p>
<p>Bullying</p>	<p>At the International Ivy Summer Program, bullying is inexcusable, and we have a firm policy against all types of bullying. We work together as a team to ensure that students gain self-confidence, make new friends, and go home with great memories.</p> <p>Unfortunately, students who are bullied may not have the same potential to get the most out of their Program experience. Our leadership team addresses all incidents of bullying seriously, and trains staff to promote open communication with parents and students, teach an acceptance of diversity, and create an atmosphere of inclusion so that all staff and students will be comfortable.</p> <p>We stress to parents to communicate concerns immediately to the Site Director so that we can address any bullying at the Program. We want victims of bullying to return to the Program happy and free of fear and the bullies to face immediate consequences for their actions. Only with joint parent and staff involvement can we stomp out bullying altogether.</p>

Thank you for reviewing the Parent Handbook thoroughly. We are committed to and excited about creating wonderful experiences and memories for your child.
